# Terms & Conditions

## GENERAL

Harper is a rooftop experience like no other. The venue is designed for sunset and early evening soirees rather than high-energy, high-volume parties. We are bound by a residential location as well as council noise restrictions. We will always aim to provide the best event for you, however we reserve the right to enforce the noise guidelines outlined below.

The below times are applicable to all events:

10pm | DJ ends and is replaced by venue's playlist.

10:30pm | Beverage packages conclude. Guests must begin to depart the venue (group and individual patrons)

11:00pm | Music stops and venue closes.

Following the conclusion of a beverage package and closure of Harper Rooftop Bar, the Wilmot Bar in the lobby will not be available for continued beverage service.

## POOL ACCESS

The pool deck is a hotel guest facility and is not accessible for event use. Guests can access the pool until 7pm daily. Should you wish to close the pool for an exclusive event, additional charges will apply to close the pool from 5pm.

## BUMP IN

For events that require a bump-in period, the client is required to arrive 1 hour prior to event start time. Furniture layout is not able to be changed within 30mins prior to event start time. For access earlier than 1 hour prior, additional space hire charges will apply.

## WET WEATHER

Please note Harper Rooftop Bar has minimal weather coverage. As a result, a decision will be made 48 hours prior to your event start time as to whether we relocate your event to The Atrium\* or Hammond Ballroom due to wet weather conditions. This decision will be made at the hotel's discretion based on safety and operational concerns. Compensation will not be applicable.

\*The Atrium will remain in its existing set up with casual seating. Should you have a DJ booked, the music played in the atrium will need to be approved by the hotel.

## MUSIC

Please note there is an 85-decibel sound limit for music at Harper, with the option of a DJ until 10pm and the house playlist at a reduced volume thereafter. For section hire events, the client can book the venue's designated DJ to be located in their event section, and their music will be played through the venue's PA system. For exclusive-use events, an external DJ can be booked and must play through the PA system within the decibel limit. Additional ground speakers are not permitted.
